COLLECTION PROCEDURES

PARENTS, GUARDIANS AND OTHER GUARANTORS:

Effective January 1, 2006, PEDIATRIC MEDICINE has signed a contract with Business and Professional Services.

Business and Professional Services provides collection services to PEDIATRIC MEDICINE, P.A. for accounts that remain unpaid for 6 months. These collection services include a charge that the guarantor will ultimately be responsible for. Accounts sent to collections will be charged a fee equal to 30% of the total balance. Once an account is sent to collections, the doctor/patient relationship will terminate with 30 days of notice.

I have read and understand all the above information.
